Barr received a wetland delineation report and request for wetland boundary and type concurrence on the Lehn/Russell Rum River Property (Section 12, Township 32N, Range 25W) in the City of Andover.

We distributed the report and submitted a Wetland Conservation Act Notice of Application to other Technical Evaluation Panel members with a comment period ending on August 2, 2018. Since this is still out for review, we do not have a recommendation yet for the July 19th meeting. We will conduct a site review and prepare a recommendation for the August 16th meeting.
